Federal identification number: [REDACTED]

State Identification Number: [REDACTED]

Members/Board of Directors: **(Attach)**

Mission Statement – Briefly describe the goals and objectives of your organization and community services it provides.

To inspire, enable, and support all youth to realize their full potential as successful, responsible and impactful members of the community. The Club empowers youth, ages 6-18, to succeed. The Club offers youth what they need and want most: adults who respect them and a safe environment where they can have fun.

Has the organization or any members of the Board of Directors of the organization been involved with any personal business transactions valued over \$500 including any business transactions, negotiations, investments, or interests in real property with a Lake Elsinore City Council Member during the past 12 months? If Yes, briefly describe:

No

Is a Lake Elsinore City Council Member a member of the Board of Directors or an Officer of the organization? If Yes, provide Council Member's Name and title within the organization:

No

This application has been authorized by the organization's:

Executive Committee Board of Directors Members-at-Large

III. PROJECT ACTIVITY:

Name of Project: Ultimate STEM

Amount Requested: \$5,000

Where will the proposed activity occur (be specific as to the geographic boundaries)? If the project involves a new or existing facility, what is the proposed service/benefit area for the facility?

At our Lakeland Village Clubhouse location. Ultimate STEM programming is offered to all youth ages 6-17 in the City of Lake Elsinore.

Check ONLY the applicable category your application represents.

- Public Service
- Homeless Activities
- Housing
- Rehabilitation/Preservation (please provide picture of structure)
- Public Facilities (construction)
- Other: (provide description) _____

Respond to A & B only if this application is for a public service project.

(a) Is this a NEW service provided by your agency? Yes No

(b) If service is not new, will the existing public service activity level be substantially increased or improved? Yes No

V. PROJECT NARRATIVE:

Provide a detailed Project Description of the project/program (and its objectives) that the City of Lake Elsinore grant funding will be used to support.

The Ultimate STEM/Computer Science Program will provide significant opportunities to advance STEM education and increase interest in STEM fields for youth. Technology and access to computers for youth is the foundation for this program. Through a variety of activities, youth will participate in web exploration, media production, robotics, coding and more. The program will teach youth the importance of the digital world and ignite their passion for technology.

The labor force in the United States has changed dramatically over the past few decades, driven by a shift from industry to services and ever-increasing technological advances. Many young people are leaving school without the preparation needed for good jobs and many are not graduating from high school at all. Our local communities, our nation and our world face big challenges from ensuring clean air and water, to bolstering the global food supply, to building infrastructure for growing populations. The next generation of STEM professionals will be the innovators who find cures, solve problems, invent products and generate ideas that can transform life as we know it. The Boys & Girls Club recognizes STEM education is critical to the future success of America and young people.

Describe how your organization will use the funding awarded? Include equipment or services that would be purchased and why.

The Boys & Girls Club of Southwest County will utilize grant funds to support programming efforts for the Ultimate STEM Program during out-of-school time and Day Camp Programs for youth ages 6-17. Funds awarded will be used for internet access expenses, STEM program supplies and technology, including Google Chromebooks and accessories.

Explain how the grant funding will specifically benefit City of Lake Elsinore residents. Also, who is the target population and provide the estimated number of people expected to benefit from this project/program plus the number of volunteers involved.

Grant funding for this program will benefit youth members ages 6-17 in Lake Elsinore; approximately 70 youth will participate. The program will provide access to computers to complete homework and increase youth member knowledge and experience with technology. It will also help supply needed program supplies to run specific STEM projects, such as building catapults.

What methods will be used for community involvement to assure that all who might benefit from the project are provided an opportunity to participate?

Since 1990, the Boys & Girls Club of Southwest County has been in the forefront of youth development, working with young people whom need us most. The organization is dedicated to ensuring that our community's youth have greater access to quality programs and services that will enhance their lives and shape their futures. The organization will continue to work with the Lake Elsinore Valley Unified School District, local schools and other youth serving organizations.

What evidence is there of a long-term commitment to the proposal? Describe how you plan to continue the work (project) after the Community Support funds are expended?

The Boys & Girls Clubs of Southwest County is committed to ensuring youth members stay in school and that they are prepared for adulthood by developing the skills and competencies necessary to be successful in the workplace. The organization believes that the Ultimate STEM program will make a difference in the lives of Club members and will help to reinforce the importance of staying in school and preparing for their career and future. The Ultimate STEM program is a priority program offered daily and the organization continues to raise funds via events, grants, corporations and individuals to ensure this program continues.

VI. FINANCIAL INFORMATION:

PLEASE ATTACH COPIES OF THE CURRENT BUDGET AND FINANCIAL STATEMENTS (BALANCE STATEMENT AND INCOME STATEMENT) OF THE ORGANIZATION. It does not require a CPA's audit, but please submit if available.

See attached.

The applicant acknowledges and agrees to the following:

- Is Subject to all Community Support Funding Program requirements including submittal deadlines and payment disbursements.
- Every Community Support Funding application is considered individually and on its own merit.
- Awards will be given to organizations and activities that directly benefit the residents of Lake Elsinore.
- Funding is not immediately available to the recipient. Please allow time for checks to be processed.
- The awarding of Community Support Funding does not constitute an automatic annual allocation.
- The recognition for Community Support Funding should accrue to the City of Lake Elsinore.
- Community Support Funding must be spent as specified on the application and records may be requested by the City of Lake Elsinore to ensure the funds were used appropriately.
- Community Support Funding grants will not be awarded or announced within the 60 days before an election in which an awarding Council Member is on the ballot.
- The recipient shall provide a full accounting with documentation on the use of awarded funds. The recipient shall return to the City any funds not spent or documented per the signed agreement.

We hereby certify the information contained in this application is true to the best of our knowledge and belief.
