

## REPORT TO CITY COUNCIL

**To:** Honorable Mayor and Members of the City Council  
**From:** Jason Simpson, City Manager  
**Prepared by:** Beau Davis, Assistant Community Services Director  
**Date:** September 27, 2022  
**Subject:** State of the City Road Closures

### **Recommendation**

Approve Temporary Street Closures for the State of the City Event on October 20, 2022.

### **Background**

The annual "State of the City" address is an important event hosted by the Lake Elsinore Chamber of Commerce in support of the City of Lake Elsinore. The event is presented to the Community to celebrate the City's accomplishments, recognize areas for improvement, and to set the vision for the future. The event has been hosted at premiere venues in our community with this year's address to be a downtown event on Main Street.

### **Discussion**

The State of the City event is planned to take place on Main Street in Downtown Lake Elsinore between W. Sulphur Street and W. Graham Avenue from 5:30 p.m. to 8:00 p.m. The Community Services Department, Public Works Department, Cal Fire, and Sheriff's Department will coordinate resources to ensure public safety. The Chamber of Commerce anticipates 400 attendees. As a result, the staff is recommending street closures on Main Street between W. Sulphur Street and W. Graham Avenue, as detailed in Exhibit A. It is recommended that these street closures remain in place from 11:00 a.m. to 10:00 p.m. The street closures will be enforced by Law Enforcement personnel.

### **Fiscal Impact**

Expenses for City personnel staffing will be accommodated via the Community Support fiscal budget.
