

REPORT TO CITY COUNCIL

To: Honorable Mayor and Members of the City Council

From: Grant Yates, City Manager

Prepared By: Brad Fagrell, City Engineer

Date: May 8, 2018

Subject: Construction Contract Award for Third Street Channel Stage 2 CIP Project No. 4296

Recommendation

1. Award the Public Works Construction Agreement for Third Street Channel Stage 2 to Weka, Inc.
2. Authorize the City Manager to execute an Agreement in the amount of \$4,066,515 for Third Street Channel Stage 2, in substantially the form attached and in such final form as approved by the City Attorney.
3. Authorize the City Manager to execute change orders not to exceed the 10% contingency amount of \$406,651.50.
4. Authorize the City Engineer to record a Notice of Completion once it is determined the work is complete and the improvements have been accepted by the City.

Background

On July 14, 2015, The City entered into a Professional Services Agreement with Michael Baker International, Inc (MBI) for the development of Plans, Specifications and Engineer's Estimate (PS&E). Subsequent Amendments 1 and 2 were executed to complete additional work that included structural calculations and details, aerial topography and mapping, additional field surveying, geotechnical investigations, Hydrology and Hydraulic design reports, utility coordination, potholing survey, environmental clearances, EVMWD Utility relocation plans and improvement plans.

On May 23, 2017, the Council adopted a mitigated negative declaration for the Third Street Storm Drain project (ER 2017-00002), and adopted a consistency finding with the Western Riverside County Multiple Species Habitat Conservation Plan.

In late February of 2018, MBI finalized the plans, specifications and cost estimate. On March 7, 2018, the project was advertised.
