

## **REPORT TO CITY COUNCIL**

**To: Honorable Mayor and Members of the City Council**

**From: Grant Yates, City Manager**

**Prepared By: Remon Habib, Acting City Engineer**

**Date: January 8, 2019**

**Subject: Professional Services Agreement with Dost Engineering for Engineering Services for SB 821 Bicycle and Pedestrian Facilities Program Design of the Palomar Multi-Use Trail and Sumner/Mohr/Davis Sidewalk Improvements**

### **Recommendation**

Approve and authorize the City Manager to execute an Agreement for Professional Services to Dost Engineering for design services for the SB 821 Bicycle and Pedestrian Facilities Program Palomar Multi-Use Trail and Sumner/Mohr/Davis Sidewalk Improvements in the amount of \$48,500, in a final form as approved by City Attorney.

### **Background**

SB 821 Bicycle and Pedestrian funds are administered by the Riverside County Transportation Commission (RCTC) and distributed to local agencies on a competitive basis. Two percent of the Local Transportation Fund revenue is made available each year for use on bicycle and pedestrian facility projects in Riverside County. The City received confirmation from RCTC on June 26, 2017, that the proposed project was approved for funding.

### **Discussion**

Staff solicited proposals for design services from professional engineering consultants for the SB 821 Bicycle and Pedestrian Facilities Program. There were two proposals received, one from Dost Engineering and the other from Albert A. Webb Associates. Based upon the proposals received, staff recommends awarding the design for the Palomar Multi-Use Trail and Sumner/Mohr/Davis Sidewalk Improvements to Dost Engineering.

### **Fiscal Impact**

Sufficient budget is contained in the adopted Capital Improvement Program budget.

### **Exhibits**

- A – Agreement
- B - Proposal
