

REPORT TO CITY COUNCIL

To: Honorable Mayor and Members of the City Council

From: Grant Yates, City Manager

Prepared By: Dave Nichols, General Service Manager

Date: December 11, 2018

Subject: Award Agreement to J&S Striping Company, Inc., for the Annual Traffic Striping Maintenance Program – Project No. Z10004

Recommendation

Approve and Authorize the City Manager to execute an agreement for Contractor Services to J&S Striping Company, Inc. for the Annual Traffic Striping Maintenance Program, in an amount not to exceed \$434,850.00, in such final form as approved by the City Attorney.

Background

As a part of the regular street maintenance, traffic striping is performed throughout the City. The work to be performed under this contract shall consist of painting traffic lanes, parking lanes, thermoplastic directional arrows, crosswalks and legends. All striping shall conform to Caltrans Standard Plans and Specifications.

Discussion

On November 15th, 2018 Request for Proposals were advertised on Planet Bids for the subject in conformance with Public Contract Code bidding procedure requirements.

The following six (6) bids were received from qualified contractors on November 15, 2018:

<u>Contractor</u>	<u>Verified Unit Cost</u>
1. J & S Striping Inc.	\$ 435,850.00
2. Superior Pavement Marking	\$ 516,830.00
3. Safe USA Inc.	\$ 689,700.00
4. Cal Stripe Inc.	\$ 748,780.00
5. Cat Tracking Inc.	\$ 749,000.00
6. PCI	\$ 999,100.00

Staff has reviewed and verified all bids for comparison and J & S Striping Company, Inc. was determined to be the lowest responsive and responsible bidder. Bids were submitted based on estimate quantities for the cost analysis only and not a reflection of contract amount. J&S Striping currently provides similar services to other municipalities and has been Lake Elsinore's striping contractor for the last three years. The Contractor has a valid license and a review of the contractor's references showed no issues with the quality of their work.

Fiscal Impact

The Annual Traffic Striping Maintenance Program is included in the adopted FY 17/18 to FY2021/22 Capital Improvement Plan (CIP) budget, and will be financed by Measure A (112).
