

RESOLUTION NO. 2020-____

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LAKE
ELSINORE, CALIFORNIA, RECOMMENDING APPROVAL OF INDUSTRIAL
DESIGN REVIEW NO. 2019-01 FOR THE CONSTRUCTION OF THREE
INDUSTRIAL BUILDINGS AND RELATED IMPROVEMENTS LOCATED AT APN
377-160-014**

Whereas, Rod Oshita, Pennington Industrial, LLC has filed an application with the City of Lake Elsinore (City) requesting approval of Planning Application No. 2018-49 (Tentative Parcel Map No. 37710 and Industrial Design Review No. 2019-01) to subdivide the 5.01 gross acre site into three (3) parcels that are 1.06 acres, 1.72 acres, and 2.01 acres, respectively. The Project also proposes to construct three (3) industrial buildings that are 91,140 square foot (SF) in total with 167 parking spaces. Building 1 will have 32,940 SF gross floor area, Building 2 will have 39,000 SF gross floor area, and Building 3 will have 19,200 SF gross floor area. Each building will consist of a planned open warehouse with truck access doors and a planned office area with mezzanine level. Hardscape, landscape, on-site stormwater management improvements, trash enclosure, and area lighting would be constructed as part of the Project. The proposed Project is at the southeasterly corner of Chaney Street and Minthorn Street (APN: 377-160-014); and,

Whereas, pursuant to Section 17.415.050 (Major Design Review) of the Lake Elsinore Municipal Code (LEMC), the Planning Commission (Commission) has been delegated with the responsibility of making recommendations to the City Council (Council) pertaining to design reviews; and,

Whereas, on February 4, 2020 and February 18, 2020 at a duly noticed Public Hearing the Commission has considered evidence presented by the Community Development Department and other interested parties with respect to this item.

**NOW, THEREFORE, THE PLANNING COMMISSION OF THE CITY OF LAKE ELSINORE
DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:**

Section 1: The Commission has reviewed and analyzed the proposed Project pursuant to the California Planning and Zoning Laws (Cal. Gov. Code §§ 59000 et seq.), the Lake Elsinore General Plan (GP), and the LEMC and finds and determines that the proposed Project is consistent with the requirements of California Planning and Zoning Law and with the goals and policies of the GP, and the LEMC.

Section 2: On February 18, 2020, after consideration and evaluation of all written reports and comments and oral testimony presented by the Community Development Department and other City departments, property owners, residents and other interested parties and such other matters as are reflected in the record of the noticed Public Hearing on the Project, the Commission adopted a resolution finding and determining that the Mitigated Negative Declaration (ER 2018-02) (SCH No. 2019029048) is adequate and is prepared in accordance with the requirements of CEQA.

Section 3: That in accordance with Section 17.415.050.G of the LEMC, the Commission makes the following findings regarding Industrial Design Review No. 2019-01:

1. The Project, as approved, will comply with the goals and objectives of the General Plan, Specific Plan and the Zoning District in which the Project is located.

The Project complies with the goals and objectives of the General Plan because it will assist in achieving the development of a well-balanced and functional mix of residential, commercial, industrial, open space, recreational, and institutional land uses. The Project will serve to diversify and expand Lake Elsinore's economic base.

2. The Project complies with the design directives contained in the General Plan and all other applicable provisions of the LEMC.

The Project is appropriate to the site and surrounding developments and blends in with the surrounding industrial development. Sufficient setbacks and enhanced onsite landscaping have been provided thereby creating interest and varying vistas as a person moves along abutting streets and within the park. The Project will complement the quality of existing development and will create a visually pleasing, non-detractive relationship between the proposed development and existing projects through the use of a 'Contemporary' architectural design that is similar to existing industrial developments in the vicinity. In addition, safe and efficient circulation has been achieved onsite.

3. Conditions and safeguards pursuant to Section 17.415.050.G.3 of the LEMC, including guarantees and evidence of compliance with conditions, have been incorporated into the approval of the Project to ensure development of the property in accordance with the objectives of Section 17.415.050.

Pursuant to Section 17.415.050.E of the LEMC, the Project was considered by the Planning Commission at a duly noticed Public Hearing held on February 18, 2020. The Project, as reviewed and conditioned by all applicable City divisions, departments and agencies, will not have a significant effect on the environment.

Section 4: Based upon all of the evidence presented, the above findings, and the conditions of approval imposed upon the Project, the Commission hereby recommends that the Council approve Industrial Design Review No. 2019-01.

Section 5: This Resolution shall take effect immediately upon its adoption.

Passed and Adopted on this 18th day of February, 2020.

Michael Carroll, Chairman

Attest:

Justin Kirk,
Assistant Community Development Director
