RECITALS

A. The City has determined that it requires the following professional services:
Citywide Park Parking Lot Improvements

B. Contractor has submitted to City a proposal, dated October 28, 2020, attached hereto as Exhibit A ("Contractor's Proposal") and incorporated herein, to provide professional services to City pursuant to the terms of this Agreement.

C. Contractor possesses the skill, experience, ability, background, certification and knowledge to perform the services described in this Agreement on the terms and conditions described herein.

D. City desires to retain Contractor to perform the services as provided herein and Contractor desires to provide such professional services as set forth in this Agreement.

AGREEMENT

1. Scope of Services. Contractor shall perform the services described in Contractor's Proposal (Exhibit A). Contractor shall provide such services at the time, place, and in the manner specified in Contractor's Proposal, subject to the direction of the City through its staff that it may provide from time to time.

2. Time of Performance.

a. Time of Essence. Time is of the essence in the performance of this Agreement. The time for completion of the professional services to be performed by Contractor is an essential condition of this Agreement. Contractor shall prosecute regularly and diligently the professional services contemplated pursuant to this Agreement according to the agreed upon performance schedule in Contractor's Proposal (Exhibit A).

b. Performance Schedule. Contractor shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the Contractor's Proposal (Exhibit A). When requested by Contractor, extensions to the time period(s) specified may be approved in writing by the City Manager.

c. Term and Compliance with Task/Work Order System. Unless earlier terminated as provided elsewhere in this Agreement, this Agreement shall continue in full force and effect for a period commencing on December 8, 2020 and ending February 28, 2021.

Contractor hereby agrees and acknowledges that any and all work or services performed pursuant to this Agreement shall be based upon the issuance of a Task/Work Order by the City. Contractor acknowledges that it is not guaranteed any minimum or specific amount of work or services as all work or services shall be authorized through a Task/Work Order issued by the City.

3. Compensation. Compensation to be paid to Contractor shall be in accordance with the fees set forth in Contractor's Proposal (Exhibit A), which is attached hereto and incorporated herein by reference. In no event shall Contractor's annual compensation exceed One Hundred Seventy One Thousand Ninety Dollars (\$171,090.00) without additional written authorization from the City. Notwithstanding any provision of Contractor's Proposal to the contrary, out of pocket expenses set forth in Exhibit A shall be reimbursed at cost without an inflator or administrative charge. Payment by City under this Agreement shall not be deemed a waiver of defects, even if such defects were known to the City at the time of payment.

4. Method of Payment. Contractor shall promptly submit billings to the City describing the services and related work performed during the preceding month to the extent that such services and related work were performed. Contractor's bills shall be segregated by project task, if applicable, such that the City receives a separate accounting for work done on each individual task for which Contractor provides services. Contractor's bills shall include a brief description of the services performed, the date the services were performed, the number of hours spent and by whom, and a description of any reimbursable expenditures. City shall pay Contractor no later than forty-five (45) days after receipt of the monthly invoice by City staff.

5. Background Checks. At any time during the term of this Agreement, the City reserves the right to make an independent investigation into the background of Contractor's personnel who perform work required by this Agreement, including but not limited to their references, character, address history, past employment, education, social security number validation, and criminal or police records, for the purpose of confirming that such personnel are lawfully employed, qualified to provide the subject service or pose a risk to the safety of persons or property in and around the vicinity of where the services will be rendered or City Hall. If the City makes a reasonable determination that any of Contractor's prospective or then current personnel is deemed objectionable, then the City may notify Contractor of the same. Contractor shall not use that personnel to perform work required by this Agreement, and if necessary, shall replace him or her with a suitable worker.

6. Suspension or Termination.

a. The City may at any time, for any reason, with or without cause, suspend or terminate this Agreement, or any portion hereof, by serving upon the Contractor at least ten (10) days prior written notice. Upon receipt of such notice, the Contractor shall immediately cease all work under this Agreement, unless the notice provides otherwise. If the City suspends or terminates a portion of this Agreement such suspension or termination shall not make void or invalidate the remainder of this Agreement.

b. In the event this Agreement is terminated pursuant to this Section, the City shall pay to Contractor the actual value of the work performed up to the time of termination,

provided that the work performed is of value to the City. Upon termination of the Agreement pursuant to this Section, the Contractor will submit an invoice to the City, pursuant to Section entitled "Method of Payment" herein.

7. Plans, Studies, Documents.

a. Ownership of Documents. All plans, studies, documents and other writings prepared by and for Contractor, its officers, employees and agents and subcontractors in the course of implementing this Agreement, except working notepad internal documents, shall become the property of the City upon payment to Contractor for such work, and the City shall have the sole right to use such materials in its discretion without further compensation to Contractor or to any other party. Contractor shall, at Contractor's expense, provide such reports, plans, studies, documents and other writings to City upon written request. City shall have sole determination of the public's rights to documents under the Public Records Act, and any third-party requests of Contractor shall be immediately referred to City, without any other actions by Contractor.

b. Licensing of Intellectual Property. This Agreement creates a nonexclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Contractor under this Agreement ("Documents & Data"). Contractor shall require that all subcontractors agree in writing that City is granted a nonexclusive and perpetual license for any Documents & Data the subcontractor prepares under this Agreement. Contractor represents and warrants that Contractor has the legal right to license any and all Documents & Data. Contractor makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Contractor or provided to Contractor by the City. City shall not be limited in any way in its use of the Documents & Data at any time, provided that any such use not within the purposes intended by this Agreement shall be at City's sole risk.

c. Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Contractor in connection with the performance of this Agreement shall be held confidential by Contractor. Such materials shall not, without the prior written consent of City, be used by Contractor for any purposes other than the performance of the services under this Agreement. Nor shall such materials be disclosed to any person or entity not connected with the performance of the services under this Agreement. Nothing furnished to Contractor which is otherwise known to Contractor or is generally known, or has become known, to the related industry shall be deemed confidential. Contractor shall not use City's name or insignia, photographs relating to project for which Contractor's services are rendered, or any publicity pertaining to the Contractor's services under this Agreement in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

8. Contractor's Books and Records.

a. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, and other records or documents evidencing or relating to charges for services, or expenditures and disbursements charged to City for a minimum period of three (3)

years, or for any longer period required by law, from the date of final payment to Contractor to this Agreement.

b. Contractor shall maintain all documents and records which demonstrate performance under this Agreement for a minimum period of three (3) years, or for any longer period required by law, from the date of termination or completion of this Agreement.

c. Any records or documents required to be maintained pursuant to this Agreement shall be made available for inspection or audit, at any time during regular business hours, upon written request by the City Manager, City Attorney, City Auditor or a designated representative of these officers. Copies of such documents shall be provided to the City for inspection at City Hall when it is practical to do so. Otherwise, unless an alternative is mutually agreed upon, the records shall be available at Contractor's address indicated for receipt of notices in this Agreement.

d. Where City has reason to believe that such records or documents may be lost or discarded due to dissolution, disbandment or termination of Contractor's business, City may, by written request by any of the above-named officers, require that custody of the records be given to the City and that the records and documents be maintained in City Hall. Access to such records and documents shall be granted to any party authorized by Contractor, Contractor's representatives, or Contractor's successor-in-interest.

9. Independent Contractor.

a. Contractor is and shall at all times remain as to the City a wholly independent contractor pursuant to California Labor Code Section 3353. The personnel performing the services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City nor any of its officers, employees, or agents shall have control over the conduct of Contractor or any of Contractor's officers, employees, or agents, except as set forth in this Agreement. Contractor shall not at any time or in any manner represent that it or any of its officers, employees, or agents are in any manner officers, employees, or agents of the City. Contractor shall not incur or have the power to incur any debt, obligation, or liability whatsoever against City, or bind City in any manner.

b. Notwithstanding any other federal, state and local laws, codes, ordinances and regulations to the contrary and except for the fees paid to Contractor as provided in the Agreement, Contractor and any of its employees, agents, and subcontractors providing service under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by City, including but not limited to eligibility to enroll in PERS as an employee of City and entitlement to any contribution to be paid by City for employer contribution and/or employee contributions for PERS benefits.

10. PERS Eligibility Indemnification. In the event that Contractor or any employee, agent, or subcontractor of Contractor providing services under this Agreement claims or is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of the City, Contractor shall indemnify, defend, and hold harmless City for the payment of any employee and/or employer contributions for PERS benefits on behalf of Contractor or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City.

11. Interests of Contractor. Contractor (including principals, associates and professional employees) covenants and represents that it does not now have any investment or interest in real property and shall not acquire any interest, direct or indirect, in the area covered by this Agreement or any other source of income, interest in real property or investment which would be affected in any manner or degree by the performance of Contractor's services hereunder. Contractor further covenants and represents that in the performance of its duties hereunder no person having any such interest shall perform any services under this Agreement.

Contractor is not a designated employee within the meaning of the Political Reform Act because Contractor:

a. will conduct research and arrive at conclusions with respect to his/her rendition of information, advice, recommendation or counsel independent of the control and direction of the City or of any City official, other than normal agreement monitoring; and

b. possesses no authority with respect to any City decision beyond rendition of information, advice, recommendation or counsel. (FPPC Reg. 18700(a)(2).)

12. Professional Ability of Contractor. City has relied upon the professional training and ability of Contractor to perform the services hereunder as a material inducement to enter into this Agreement. Contractor shall therefore provide properly skilled professional and technical personnel to perform all services under this Agreement. All work performed by Contractor under this Agreement shall be in accordance with applicable legal requirements and shall meet the standard of quality ordinarily to be expected of competent professionals in Contractor's field of expertise.

13. Compliance with Laws.

a. Contractor shall comply with all local, state and federal laws and regulations applicable to the services required hereunder, including any rule, regulation or bylaw governing the conduct or performance of Contractor and/or its employees, officers, or board members.

b. Contractor represents that it has obtained and will maintain at all times during the term of this Agreement all professional and/or business licenses, certifications and/or permits necessary for performing the services described in this Agreement, including a City business license.

14. Licenses. Contractor represents and warrants to City that it has the licenses, permits, qualifications, insurance and approvals of whatsoever nature which are legally required of Contractor to practice its profession. Contractor represents and warrants to City that Contractor shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement, any licenses, permits, insurance and approvals which are legally required of Contractor to practice its profession. Contractor shall maintain a City of Lake Elsinore business license.

15. Indemnity. Contractor shall indemnify, defend, and hold harmless the City and its officials, officers, employees, agents, and volunteers from and against any and all losses, liability, claims, suits, actions, damages, and causes of action arising out of any personal injury, bodily injury, loss of life, or damage to property, or any violation of any federal, state, or municipal law or ordinance, to the extent caused, in whole or in part, by the willful misconduct or negligent acts

or omissions of Contractor or its employees, subcontractors, or agents, by acts for which they could be held strictly liable, or by the quality or character of their work. The foregoing obligation of Contractor shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises from the sole negligence or willful misconduct of the City or its officers, employees, agents, or volunteers and (2) the actions of Contractor or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Contractor to indemnify and hold harmless includes the duty to defend as set forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Contractor from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Contractor acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.

16. Insurance Requirements.

a. Insurance. Contractor, at Contractor's own cost and expense, shall procure and maintain, for the duration of the contract, unless modified by the City's Risk Manager, the following insurance policies.

i. Workers' Compensation Coverage. Contractor shall maintain Workers' Compensation Insurance and Employer's Liability Insurance for his/her employees in accordance with the laws of the State of California. In addition, Contractor shall require each subcontractor to similarly maintain Workers' Compensation Insurance and Employer's Liability Insurance in accordance with the laws of the State of California for all of the subcontractor's employees. Any notice of cancellation or non-renewal of all Workers' Compensation policies must be received by the City at least thirty (30) days prior to such change. The insurer shall agree to waive all rights of subrogation against City, its officers, agents, employees and volunteers for losses arising from work performed by Contractor for City. In the event that Contractor is exempt from Worker's Compensation Insurance and Employer's Liability Insurance for his/her employees in accordance with the laws of the State of California, Contractor shall submit to the City a Certificate of Exemption from Workers Compensation Insurance in a form approved by the City Attorney.

ii. General Liability Coverage. Contractor shall maintain commercial general liability insurance in an amount not less than one million dollars (\$1,000,000) per occurrence for bodily injury, personal injury and property damage. If a commercial general liability insurance form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit. Required commercial general liability coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 (ed. 11/88) or Insurance Services Office form number GL 0002 (ed. 1/73) covering comprehensive General Liability and Insurance Services Office form number GL 0404 covering Broad Form Comprehensive General Liability. No endorsement may be attached limiting the coverage.

iii. Automobile Liability Coverage. Contractor shall maintain automobile liability insurance covering bodily injury and property damage for all activities of the Contractor arising out of or in connection with the work to be performed under this Agreement, including coverage for owned, hired and non-owned vehicles, in an amount of not less than one million dollars (\$1,000,000) combined single limit for each occurrence. Automobile liability coverage must be at least as broad as Insurance Services Office Automobile Liability form CA 0001 (ed. 12/90) Code 1 ("any auto"). No endorsement may be attached limiting the coverage.

iv. Professional Liability Coverage. Contractor shall maintain professional errors and omissions liability insurance appropriate for Contractor's profession for protection against claims alleging negligent acts, errors or omissions which may arise from Contractor's services under this Agreement, whether such services are provided by the Contractor or by its employees, subcontractors, or sub Contractors. The amount of this insurance shall not be less than one million dollars (\$1,000,000) on a claims-made annual aggregate basis, or a combined single limit per occurrence basis.

b. Endorsements. Each general liability and automobile liability insurance policy shall be with insurers possessing a Best's rating of no less than A:VII and shall be endorsed with the following specific language:

i. Notwithstanding any inconsistent statement in any required insurance policies or any subsequent endorsements attached thereto, the protection offered by all policies, except for Workers' Compensation, shall bear an endorsement whereby it is provided that, the City and its officers, employees, servants, volunteers and agents and independent contractors, including without limitation, the City Manager and City Attorney, are named as additional insureds. Additional insureds shall be entitled to the full benefit of all insurance policies in the same manner and to the same extent as any other insureds and there shall be no limitation to the benefits conferred upon them other than policy limits to coverages.

ii. This policy shall be considered primary insurance as respects the City, its elected or appointed officers, officials, employees, agents and volunteers. Any insurance maintained by the City, including any self-insured retention the City may have, shall be considered excess insurance only and shall not contribute with it.

iii. This insurance shall act for each insured and additional insured as though a separate policy had been written for each, except with respect to the limits of liability of the insuring company.

iv. The insurer waives all rights of subrogation against the City, its elected or appointed officers, officials, employees or agents.

v. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, its elected or appointed officers, officials, employees, agents or volunteers.

vi. The insurance provided by this Policy shall not be suspended, voided, canceled, or reduced in coverage or in limits except after thirty (30) days written notice has been received by the City.

c. Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. At the City's option, Contractor shall demonstrate financial capability for payment of such deductibles or self-insured retentions.

d. Certificates of Insurance. Contractor shall provide certificates of insurance with original endorsements to City as evidence of the insurance coverage required herein. Certificates of such insurance shall be filed with the City on or before commencement of performance of this Agreement. Current certification of insurance shall be kept on file with the City at all times during the term of this Agreement.

17. Notices. Any notice required to be given under this Agreement shall be in writing and either served personally or sent prepaid, first class mail. Any such notice shall be addressed to the other party at the address set forth below. Notice shall be deemed communicated within 48 hours from the time of mailing if mailed as provided in this section.

18. Assignment and Subcontracting. The parties recognize that a substantial inducement to City for entering into this Agreement is the professional reputation, experience and competence of Contractor and the subcontractors listed in Exhibit B. Contractor shall be fully responsible to City for all acts or omissions of any subcontractors. Assignments of any or all rights, duties or obligations of the Contractor under this Agreement will be permitted only with the express consent of the City. Contractor shall not subcontract any portion of the work to be performed under this Agreement except as provided in Exhibit B without the written authorization of the City. If City consents to such subcontract, Contractor shall be fully responsible to City for all acts or omissions of those subcontractors. Nothing in this Agreement shall create any contractual relationship between City and any subcontractor nor shall it create any obligation on the part of the City to pay or to see to the payment of any monies due to any such subcontractor other than as otherwise is required by law.

19. Waiver. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver of a subsequent breach of the same or any other provision under this Agreement.

20. Litigation Expenses and Attorneys' Fees. If either party to this Agreement commences any legal action against the other party arising out of this Agreement, the prevailing party shall be entitled to recover its reasonable litigation expenses, including court costs, expert witness fees, discovery expenses, and attorneys' fees.

21. Mediation. The parties agree to make a good faith attempt to resolve any disputes arising out of this Agreement through mediation prior to commencing litigation. The parties shall mutually agree upon the mediator and share the costs of mediation equally. If the parties are unable to agree upon a mediator, the dispute shall be submitted to JAMS or its successor in interest. JAMS shall provide the parties with the names of five qualified mediators. Each party shall have the option to strike two of the five mediators selected by JAMS and thereafter the mediator remaining shall hear the dispute. If the dispute remains unresolved after mediation, either party may commence litigation.

22. Prohibited Interests. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

23. Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

24. Prevailing Wages. Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Contractor agrees to fully comply with all applicable federal and state labor laws (including, without limitation, if applicable, the Prevailing Wage Laws). It is agreed by the parties that, in connection with the Work or Services provided pursuant to this Agreement, Contractor shall bear all risks of payment or non-payment of prevailing wages under California law, and Contractor hereby agrees to defend, indemnify, and hold the City, and its officials, officers, employees, agents, and volunteers, free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. The foregoing indemnity shall survive termination of this Agreement.

25. Severability. If any term or portion of this Agreement is held to be invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions of this Agreement shall continue in full force and effect.

26. Controlling Law Venue. This Agreement and all matters relating to it shall be governed by the laws of the State of California and any action brought relating to this Agreement shall be held exclusively in a state court in the County of Riverside.

27. Authority to Enter Agreement. Contractor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to

make this Agreement and to bind each respective party. The City Manager is authorized to enter into an amendment or otherwise take action on behalf of the City to make the following modifications to the Agreement: (a) a name change; (b) grant extensions of time; (c) non-monetary changes in the scope of services; and/or (d) suspend or terminate the Agreement.

28. Counterparts. This Agreement may be executed in several counterparts, each of which shall constitute one and the same instrument and shall become binding upon the parties when at least one copy hereof shall have been signed by both parties hereto. In approving this Agreement, it shall not be necessary to produce or account for more than one such counterpart.

29. Entire Agreement; Incorporation; Conflict. This Agreement contains the entire understanding between the parties relating to the obligations described herein. All prior or contemporaneous understandings, agreements, representations and statements, oral or written, are superseded in total by this Agreement and shall be of no further force or effect. Contractor's Proposal is incorporated only for the description of the scope of services and/or the schedule of performance and no other terms and conditions from such proposal shall apply to this Agreement unless specifically agreed to in writing. In the event of conflict, this Agreement shall take precedence over those contained in the Contractor's Proposal.

30. Amendments. This Agreement may be modified or amended only by a written document executed by both Contractor and City and approved as to form by the City Attorney.

5. Upon completion, Client agrees to inspect the work immediately and issue an acceptance to the Contractor, providing the work has been completed according to the terms of the contract. If work is not inspected upon completion, it is hereby agreed that the work was approved and payment will be forwarded to NPG. Any corrections must be submitted to NPG by email to jnelson@npgasphalt.com.
6. The contract resulting from acceptance of this proposal is made in contemplation of latent conditions of the site and of existing economic conditions and not in anticipation of extraordinary inflation, depression, economic change, war or latent conditions of the site unknown to the Contractor. Contractor is not responsible for any delays or interruption of the work or for failure in performance, in whole or in part, by the Contractor caused by impossibility of performance, or by economic or commercial frustration attributable to any circumstance or event of which could not have been reasonably foreseen by the Contractor. Nor are they responsible for any delays or interruption of work on account of transportation difficulties, governmental regulation of materials or labor, priorities of any kind, strikes, lockouts, boycotts, and differences with employees, acts of God or other causes beyond Contractor’s control.
7. All permit and inspection fees paid by the Contractor to any public body by reason of the work hereunder shall be billed separately and not as a part of any of the prices stated herein. Such items shall be treated as an extra, and as such, will be subject to surcharges of 15% for overhead, plus 15% for profit. All excise, privilege, occupation, sales, personal property and other taxes (whether federal, state, or local) applicable to the sale, purchase, use, installation or ownership of material to be applied by Contractor hereunder, and for the payment or collection of which Contractor is liable, shall be added to the net contract price herein specified and shall be paid by the Client whether specifically set forth in the estimate or not.
8. If fills or rough grading of the site are to be made by others, the site must be left for Contractor at an elevation within one-tenth foot plus or minus of finished sub-grade elevation with material that will readily provide a firm and stable sub-grade. NPG is not responsible for water discharge of any area that has less than 2% fall, otherwise ponding is subject to occur.
9. Boundary line surveys and civil engineering (including, but not limited to setting lines and grades, and staking) requiring the services of a licensed civil engineer, if necessary, shall be provided by Client or at Client’s expense, in addition to the contract price. Contractor assumes no responsibility for the correctness of such survey or civil engineering. Client assumes full responsibility for design of grade, provision for drainage and discharge of waters from the site, and Contractor shall have no liability or responsibility thereof. Should any such responsibility be placed upon Contractor by agreement, circumstances, or operation of law, or if engineering services by Contractor’s employees are necessary to proper performance of the work, then the cost plus 15% thereof for overhead and 10% of the cost including overhead for profit of fulfilling such responsibility or performing such engineering services or both shall be chargeable to the Client as an extra.
10. Contractor warrants that the materials to be furnished hereunder will be as specified or equal, and that all work shall be done and performed in a good and workmanlike manner. Contractor expressly assumes no responsibility for failures of work caused by the settling of fills placed by others, whether caused by the use of improper fill materials or otherwise. NPG is not responsible for any damages that are caused by others (vehicles driving or people/pets walking through barricaded areas etc.). These will be repaired at owner’s expense.

11. Contractor shall not be obligated to perform extra work or supply rental equipment without specific authorization from Client or Client’s representative. Client is to have someone of authority on project site at all times. Any questions regarding specifications, scope of work or procedure will be referred to that representative. NPG will not be responsible for extra costs resulting from directions and/or changes made by an inspector and/or resident engineer. All such costs will be the responsibility of the customer. During the course of the contracted work, any existing asphalt damaged by the contractor’s equipment due to insufficient support of asphalt structure will be billed as an extra for repairs. Repairs of these areas are in no way to be a part of the base bid. Client is responsible for turning off flowerbed water and/or irrigation systems prior to contractor’s arrival and during course of work.
12. NPG Corp. will only indemnify client when asked on subcontract for the work being performed on said contract. NPG will not pay attorney fees for others in lawsuits or losses at all. NPG’s Certificate of Insurance is for the scope of work being performed under said contract only.
13. Special conditions imposed by any permits issued to owner and not noted on the plans or specifications will not be considered in this scope of work. Any and all engineering, construction surveying, testing, and inspection fees are to be paid by client. In the event a section of paving and/ or base changes; new prices will be renegotiated. Any conditions not caused by contractor that may require the shutdown of work or requiring an extra move in will be billed as extra work per our T&M rate sheet online at www.npgasphalt.com Rates will have a mark up of 10% profit and 10% overhead which will be added in the office billing.

14. NPG is not responsible for existing asphalt breaking up due to soft sub-grade; this shall become a negotiated item. Quantities used are approximate and are subject to physical measurement and corrections. If necessary, changes will be made with unit prices applying. Water is to be furnished to on site source by others. Applying water is included. All vehicles and obstacles are to be removed from area prior to contractor’s arrival. Contractor is not responsible for scuffing due to power steering and/or hot weather. Contractor cannot guarantee adhesion of material to heavily oil soaked pavement. Longer dry time may be needed due to cold and/or wet weather. All cracks are subject to re-opening at any time, and there is no guarantee/warranty applying to crack filling. Contractor is not responsible for residual cracking due to expansion and/or contraction of pavement. Contractor is not responsible for damage to any underground lines, cables or plumbing that may be in direct line with the job site. NPG Corporation accepts no responsibility for ADA compliance and will indemnify itself and its officers from any lawsuits arising from any trip and fall hazards etc., as owner shall accept all responsibility.

15. ARBITRATION OF DISPUTES: ANY CONTROVERSY OR CLAIM ARISING OUT OF OR RELATED TO THIS CONTRACT, OR THE BREACH THEREOF, SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE CONSTRUCTION INDUSTRY ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, AND JUDGMENT UPON THE AWARD RENDERED BY THE ARBITRATOR(S) MAY BE ENTERED IN ANY COURT HAVING JURISDICTION THEREOF. ANY CLAIM FILED IN SMALL CLAIMS COURT SHALL NOT BE DEEMED TO BE A WAIVER OF THE RIGHT TO ARBITRATE, AND IF A COUNTER CLAIM IN EXCESS OF THE JURISDICTION OF THE SMALL CLAIMS COURT IS FILED IN THE MUNICIPAL OR SUPERIOR COURT, THEN THE PARTY FILING IN SMALL CLAIMS COURT MAY DEMAND ARBITRATION PURSUANT TO THIS PARAGRAPH. The contract resulting from acceptance of this proposal is made in contemplation of latent conditions of the site and of existing economic conditions and not in anticipation of extraordinary inflation, depression, economic change, war or latent conditions of the site unknown to the Contractor. Contractor is not responsible for any delays or interruption of the work or for failure in performance, in whole or in part, by the Contractor caused by impossibility of performance, or by economic or commercial frustration attributable to any circumstance or event of which could not have been reasonably foreseen by the Contractor. Nor are they responsible for any delays or interruption of work on account of transportation difficulties, governmental regulation of materials or labor, priorities of any kind, strikes, lockouts, boycotts, and differences with employees, acts of God or other causes beyond Contractor's control.

7. All permit and inspection fees paid by the Contractor to any public body by reason of the work hereunder shall be billed separately and not as a part of any of the prices stated herein. All excise, privilege, occupation, sales, personal property and other taxes (whether federal, state, or local) applicable to the sale, purchase, use, installation or ownership of material to be applied by Contractor hereunder, and for the payment or collection of which Contractor is liable, shall be added to the net contract price herein specified and shall be paid by the Client whether specifically set forth in the estimate or not.

8. If fills or rough grading of the site are to be made by others, the site must be left for Contractor at an elevation within one-tenth foot plus or minus of finished sub-grade elevation with material that will readily provide a firm and stable sub-grade. NPG is not responsible for water discharge of any area that has less than 2% fall, otherwise ponding is subject to occur.

9. Boundary line surveys and civil engineering (including, but not limited to setting lines and grades, and staking) requiring the services of a licensed civil engineer, if necessary, shall be provided by Client or at Client's expense, in addition to the contract price. Contractor assumes no responsibility for the correctness of such survey or civil engineering. Client assumes full responsibility for design of grade, provision for drainage and discharge of waters from the site, and Contractor shall have no liability or responsibility thereof. Should any such responsibility be placed upon Contractor by agreement, circumstances, or operation of law, or if engineering services by Contractor's employees are necessary to proper performance of the work, then the cost plus 15% thereof for overhead and 10% of the cost including overhead for profit of fulfilling such responsibility or performing such engineering services or both shall be chargeable to the Client as an extra.

10. Contractor warrants that the materials to be furnished hereunder will be as specified or equal, and that all work shall be done and performed in a good and workmanlike manner. Contractor expressly assumes no responsibility for failures of work caused by the setting of fills placed by others, whether caused by the use of improper fill materials or otherwise. NPG is not responsible for any damages that are caused by others (vehicles driving or people/pets walking through barricaded areas etc.). These will be repaired at owner's expense.

11. Contractor shall not be obligated to perform extra work or supply rental equipment without specific authorization from Client or Client's representative. Client is to have someone of authority on project site at all times. Any questions regarding specifications, scope of work or procedure will be referred to that representative. NPG will not be responsible for extra costs resulting from directions and/or changes made by an inspector and/or resident engineer. All such costs will be the responsibility of the customer. During the course of the contracted work, any existing asphalt damaged by the contractor's equipment due to insufficient support of asphalt structure will be billed as an extra for repairs. Repairs of these areas are in no way to be a part of the base bid. Client is responsible for turning off flowerbed water and/or irrigation systems prior to contractor's arrival and during course of work.

12. NPG Corp. will only indemnify client when asked on subcontract for the work being performed on said contract. NPG will not pay attorney fees for others in lawsuits or losses at all. NPG's Certificate of Insurance is for the scope of work being performed under said contract only.

13. Special conditions imposed by any permits issued to owner and not noted on the plans or specifications will not be considered in this scope of work. Any and all engineering, construction surveying, testing, and inspection fees are to be paid by client. In the event a section of paving and/ or base changes; new prices will be renegotiated. Any conditions not caused by contractor that may require the shutdown of work or requiring an extra move in will be billed as extra work per our T&M rate sheet online at www.npgasphalt.com Rates will have a mark up of 10% profit and 10% overhead which will be added in the office billing.

14. NPG is not responsible for existing asphalt breaking up due to soft sub-grade; this shall become a negotiated item. Quantities used are approximate and are subject to physical measurement and corrections. If necessary, changes will be made with unit prices applying. Water is to be furnished to on site source by others. Applying water is included. All vehicles and obstacles are to be removed from area prior to contractor's arrival. Contractor is not responsible for scuffing due to power steering and/or hot weather. Contractor cannot guarantee adhesion of material to heavily oil soaked pavement. Longer dry time may be needed due to cold and/or wet weather. All cracks are subject to re-opening at any time, and there is no guarantee/warranty applying to crack filling. Concrete and asphalt are both subject to expansion and contraction of cracks due to earth movement even in areas that have been previously completed or are new installations. Contractor is not responsible for residual cracking due to expansion and/or contraction of pavement. Contractor is not responsible for damage to any underground lines, cables or plumbing that may be in direct line with the job site. NPG Corporation accepts no responsibility for ADA compliance and will indemnify itself and its officers from any lawsuits arising from any trip and fall hazards etc., as owner shall accept all responsibility.

15. Upon acceptance of the proposal by the Client and approval of the Contractor, it will become the entire agreement between the parties, notwithstanding any written or oral communications or negotiations. There are no covenants, agreements, representations, inducements, guarantees or warranties not herein expressly contained. The prices stated do not include any items of work not specified herein, and any additional items of work to be done at the Client's request will be billed as extra work. All material and labor prices are valid for 30 days unless otherwise specified on contract.

4. Should Client default hereunder, Client agrees to pay the Contractor an \$1,250.00 lien filing fee, or an \$1,250.00 stop notice filing fee as well as any and all costs incurred in collecting any balance owed. This dollar amount will be added to the last billing of the project. Any Mechanic's Lien release will be executed by the Contractor and the Client shall be responsible for recording the action.

5. Upon completion, Client agrees to inspect the work immediately and issue an acceptance to the Contractor, providing the work has been completed according to the terms of the contract. If work is not inspected upon completion, it is hereby agreed that the work was approved and payment will be forwarded to NPG. Any corrections must be submitted to NPG by email to nelson@npgasphalt.com

6. The contract resulting from acceptance of this proposal is made in contemplation of latent conditions of the site and of existing economic conditions and not in anticipation of extraordinary inflation, depression, economic change, war or latent conditions of the site unknown to the Contractor. Contractor is not responsible for any delays or interruption of the work or for failure in performance, in whole or in part, by the Contractor caused by impossibility of performance, or by economic or commercial frustration attributable to any circumstance or event of which could not have been reasonably foreseen by the Contractor. Nor are they responsible for any delays or interruption of work on account of transportation difficulties, governmental regulation of materials or labor, priorities of any kind, strikes, lockouts, boycotts, and differences with employees, acts of God or other causes beyond Contractor's control.

7. All permit and inspection fees paid by the Contractor to any public body by reason of the work hereunder shall be billed separately and not as a part of any of the prices stated herein. Such items shall be treated as an extra, and as such, will be subject to surcharges of 15% for overhead, plus 15% for profit. All excise, privilege, occupation, sales, personal property and other taxes (whether federal, state, or local) applicable to the sale, purchase, use, installation or ownership of material to be applied by Contractor hereunder, and for the payment or collection of which Contractor is liable, shall be added to the net contract price herein specified and shall be paid by the Client whether specifically set forth in the estimate or not.

8. If fills or rough grading of the site are to be made by others, the site must be left for Contractor at an elevation within one-tenth foot plus or minus of finished sub-grade elevation with material that will readily provide a firm and stable sub-grade. NPG is not responsible for water discharge of any area that has less than 2% fall, otherwise ponding is subject to occur.

9. Boundary line surveys and civil engineering (including, but not limited to setting lines and grades, and staking) requiring the services of a licensed civil engineer, if necessary, shall be provided by Client or at Client's expense, in addition to the contract price. Contractor assumes no responsibility for the correctness of such survey or civil engineering. Client assumes full responsibility for design of grade, provision for drainage and discharge of waters from the site, and Contractor shall have no liability or responsibility thereof. Should any such responsibility be placed upon Contractor by agreement, circumstances, or operation of law, or if engineering services by Contractor's employees are necessary to proper performance of the work, then the cost plus 15% thereof for overhead and 10% of the cost including overhead for profit of fulfilling such responsibility or performing such engineering services or both shall be chargeable to the Client as an extra.

10. Contractor warrants that the materials to be furnished hereunder will be as specified or equal, and that all work shall be done and performed in a good and workmanlike manner. Contractor expressly assumes no responsibility for failures of work caused by the settling of fills placed by others, whether caused by the use of improper fill materials or otherwise. NPG is not responsible for any damages that are caused by others (vehicles driving or people/pets walking through barricaded areas etc.). These will be repaired at owner's expense.

11. Contractor shall not be obligated to perform extra work or supply rental equipment without specific authorization from Client or Client's representative. Client is to have someone of authority on project site at all times. Any questions regarding specifications, scope of work or procedure will be referred to that representative. NPG will not be responsible for extra costs resulting from directions and/or changes made by an inspector and/or resident engineer. All such costs will be the responsibility of the customer. During the course of the contracted work, any existing asphalt damaged by the contractor's equipment due to insufficient support of asphalt structure will be billed as an extra for repairs. Repairs of these areas are in no way to be a part of the base bid. Client is responsible for turning off flowerbed water and/or irrigation systems prior to contractor's arrival and during course of work.

12. NPG Corp. will only indemnify client when asked on subcontract for the work being performed on said contract. NPG will not pay attorney fees for others in lawsuits or losses at all. NPG's Certificate of Insurance is for the scope of work being performed under said contract only.

13. Special conditions imposed by any permits issued to owner and not noted on the plans or specifications will not be considered in this scope of work. Any and all engineering, construction surveying, testing, and inspection fees are to be paid by client. In the event a section of paving and/or base changes; new prices will be renegotiated. Any conditions not caused by contractor that may require the shutdown of work or requiring an extra move in will be billed as extra work per our T&M rate sheet online at www.npgasphalt.com Rates will have a mark up of 10% profit and 10% overhead which will be added in the office billing.

14. NPG is not responsible for existing asphalt breaking up due to soft sub-grade; this shall become a negotiated item. Quantities used are approximate and are subject to physical measurement and corrections. If necessary, changes will be made with unit prices applying. Water is to be furnished to on site source by others. Applying water is included. All vehicles and obstacles are to be removed from area prior to contractor's arrival. Contractor is not responsible for scuffing due to power steering and/or hot weather. Contractor cannot guarantee adhesion of material to heavily oil soaked pavement. Longer dry time may be needed due to cold and/or wet weather. All cracks are subject to re-opening at any time, and there is no guarantee/warranty applying to crack filling. Concrete and asphalt are both subject to expansion and contraction of cracks due to earth movement even in areas that have been previously completed or are new installations. Contractor is not responsible for residual cracking due to expansion and/or contraction of pavement. Contractor is not responsible for damage to any underground lines, cables or plumbing that may be in direct line with the job site. NPG Corporation accepts no responsibility for ADA compliance and will indemnify itself and its officers from any lawsuits arising from any trip and fall hazards etc., as owner shall accept all responsibility.

15. ARBITRATION OF DISPUTES: ANY CONTROVERSY OR CLAIM ARISING OUT OF OR RELATED TO THIS CONTRACT, OR THE BREACH THEREOF, SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE CONSTRUCTION INDUSTRY ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, AND JUDGMENT UPON THE AWARD RENDERED BY THE ARBITRATOR(S) MAY BE ENTERED IN ANY COURT HAVING JURISDICTION THEREOF. CLAIMS WITHIN THE MONETARY LIMIT OF THE SMALL CLAIMS COURT SHALL BE LITIGATED IN SUCH COURT AT THE REQUEST OF EITHER PARTY, SO LONG AS BOTH PARTIES LIMIT THEIR RIGHT TO RECOVERY TO THE JURISDICTION OF THE SMALL CLAIMS COURT. ANY CLAIM FILED IN SMALL CLAIMS COURT SHALL NOT BE DEEMED TO BE A WAIVER OF THE RIGHT TO ARBITRATE, AND IF A COUNTER CLAIM IN EXCESS OF THE JURISDICTION OF THE SMALL CLAIMS COURT IS FILED IN THE MUNICIPAL OR SUPERIOR COURT, THEN THE PARTY FILING IN SMALL CLAIMS COURT MAY DEMAND ARBITRATION PURSUANT TO THIS PARAGRAPH.

NPG Corporation ("Contractor" and/or "NPG") proposes to furnish the material and labor to perform the work specified in the estimate, appearing on the reverse side hereof and incorporated herein by reference, at the site therein designated for and the contract price therein estimated upon the following terms and conditions:

STANDARD TERMS AND CONDITIONS
(These are all part of your contract - PLEASE READ THEM CAREFULLY)

1. This proposal is subject to Client’s written acceptance and will be delivered to NPG within ten days from date of estimate. If not accepted within such time, this proposal is subject to change or withdrawal until the bid/contract is accepted by Client and approved by NPG. Terms of Client purchase orders, subcontracts, and/or credit approvals must comply with NPG Corp.’s standard terms and conditions and any special terms, conditions or warranties.

2. UNLESS OTHERWISE SPECIFIED HEREIN, THE CONTRACT PRICE SHALL BE NET US FUNDS, PAYABLE AT CONTRACTOR’S OFFICE (AS SHOWN ON REVERSE HEREOF) UPON COMPLETION OF WORK PAID BY CHECK OR ARRANGED FUNDS. Total amount due for unit price bids shall be determined by field measurement upon completion of work. If installment payments are provided for and the Client fails to pay an installment promptly when due, the Contractors, at its option, may declare the whole amount of said contract to be paid immediately and may refuse to continue work until payment in full is received. Alternatively, Contractor may also refuse to continue work until satisfactory security is given to the Contractor to ensure future prompt payment of installments.

3. Upon acceptance of the proposal by the Client and approval of the Contractor, it will become the entire agreement between the parties, notwithstanding any written or oral communications or negotiations. There are no covenants, agreements, representations, inducements, guarantees or warranties not herein expressly contained. The prices stated do not include any items of work not specified herein, and any additional items of work to be done at the Client’s request will be billed as extra work. All material and labor prices are valid for 30 days unless otherwise specified on contract.

4. Should Client default hereunder, Client agrees to pay the Contractor an \$1,250.00 lien filing fee, or an \$1,250.00 stop notice filing fee as well as any and all costs incurred in collecting any balance owed. This dollar amount will be added to the last billing of the project. Any Mechanic’s Lien release will be executed by the Contractor and the Client shall be responsible for recording the action.

5. Upon completion, Client agrees to inspect the work immediately and issue an acceptance to the Contractor, providing the work has been completed according to the terms of the contract. If work is not inspected upon completion, it is hereby agreed that the work was approved and payment will be forwarded to NPG. Any corrections must be submitted to NPG by email to jnelson@npgasphalt.com.

6. The contract resulting from acceptance of this proposal is made in contemplation of latent conditions of the site and of existing economic conditions and not in anticipation of extraordinary inflation, depression, economic change, war or latent conditions of the site unknown to the Contractor. Contractor is not responsible for any delays or interruption of the work or for failure in performance, in whole or in part, by the Contractor caused by impossibility of performance, or by economic or commercial frustration attributable to any circumstance or event of which could not have been reasonably foreseen by the Contractor. Nor are they responsible for any delays or interruption of work on account of transportation difficulties, governmental regulation of materials or labor, priorities of any kind, strikes, lockouts, boycotts, and differences with employees, acts of God or other causes beyond Contractor’s control.

7. All permit and inspection fees paid by the Contractor to any public body by reason of the work hereunder shall be billed separately and not as a part of any of the prices stated herein. Such items shall be treated as an extra, and as such, will be subject to surcharges of 15% for overhead, plus 15% for profit. All excise, privilege, occupation, sales, personal property and other taxes (whether federal, state, or local) applicable to the sale, purchase, use, installation or ownership of material to be applied by Contractor hereunder, and for the payment or collection of which Contractor is liable, shall be added to the net contract price herein specified and shall be paid by the Client whether specifically set forth in the estimate or not.

8. If fills or rough grading of the site are to be made by others, the site must be left for Contractor at an elevation within one-tenth foot plus or minus of finished sub-grade elevation with material that will readily provide a firm and stable sub-grade. NPG is not responsible for water discharge of any area that has less than 2% fall, otherwise ponding is subject to occur.

9. Boundary line surveys and civil engineering (including, but not limited to setting lines and grades, and staking) requiring the services of a licensed civil engineer, if necessary, shall be provided by Client or at Client’s expense, in addition to the contract price. Contractor assumes no responsibility for the correctness of such survey or civil engineering. Client assumes full responsibility for design of grade, provision for drainage and discharge of waters from the site, and Contractor shall have no liability or responsibility thereof. Should any such responsibility be placed upon Contractor by agreement, circumstances, or operation of law, or if engineering services by Contractor’s employees are necessary to proper performance of the work, then the cost plus 15% thereof for overhead and 10% of the cost including overhead for profit of fulfilling such responsibility or performing such engineering services or both shall be chargeable to the Client as an extra.

10. Contractor warrants that the materials to be furnished hereunder will be as specified or equal, and that all work shall be done and performed in a good and workmanlike manner. Contractor expressly assumes no responsibility for failures of work caused by the settling of fills placed by others, whether caused by the use of improper fill materials or otherwise. - c. We have issued this policy in reliance upon your representations.

7. Separation Of Insureds
